This counter with open modular shelving underneath makes a great addition to any classroom, playroom, or kid-friendly working space. Our set of Modular Cabinets does the heavy lifting organizationally, allowing you to streamline your life with style and ease. Designed to complete our Mud Kitchen set with several combinations—or perfect as stand-alone pieces—the complete set features a countertop and shelf, crawl-through open cabinet, and a corner cabinet with a single shelf. The Counter shelf unit is designed from 100% recycled structural plastic and contains stainless steel hardware. Crafted with simplicity in mind, this modern counter/cabinet combination will allow you to organize your gear, and your kids' gear, and increase usable space. ADA accessible, our modular cabinetry is designed for people of all level abilities and ages.
