Go with the flow, literally, with the Stainless Steel Sink and Pump. Kids will delight in pumping filtered water through the faucet, into the working sink. Our unique design gives children a chance to sharpen their motor skills, elevating this kitchen accessory into an educational tool. Teach kids the importance of handwashing and proper food safety, as well as cooperation and determination. Water from the sink drains into a catch-all reservoir beneath for easy cleanup. Add this accessory to your play space, along with the rest of our Kitchen appliances like our matching Stove, Microwave, and Refrigerator. The Faucet Sink measures 24" L x 16" W x 24" H (37" H to top of pump handle). Made of 100% recycled structural plastic, it's ADA accessible.
