Transform your playground into a kingdom of imaginative play with this whimsical Sand Hut with Castle Roof and matching Flag. Fit for a tiny prince or princess, the Sand Hut combines the architectural design of a Medieval turret with the timelessness of a sandbox. And because this accessory is an ADA accessible “standing” sandbox, kids of all ages and abilities will delight at the prospect of crafting magical castles without getting covered in sand. The Sand Hut with Castle Roof includes a kid-friendly covering that folds down over the play area, keeping it safe from critters and debris. And 100% Recycled Structural Plastic materials render the structure weatherproof. Choose from two sizes: 24” or 28” H, each accented with (very fitting!) royal blue panels and accents.
