MSRP \$50.00

SALE \$31.00

Highlights:

- White pitcher's box
- Can be rotated to any side
- Tube inside adds extra strength
- Appropriate for youth leagues

This brilliant 4 Way Little League Pitcher's Box is the perfect way to mark exactly where your pitcher should be standing. This makes it easily visible to the umpire whether the pitcher was standing too close to home plate, making judgements easier. Most pitcher's boxes get quickly worn out over time as players step on them with their spiked baseball shoes. Since this pitcher's box has four sides, it can be pulled up, rotated, and placed back in the same hole. This ensures that it can withstand years and years of usage, but still look brand new. The hollow shape helps keep it secure so that it doesn't twist or rotate while it is in the ground.
