Age Group: 2 to 5 years

Watch children transform into pirates searching for a distant shoreline -- or jungle explorers hoping to discover a new species of beetle -- with the beautiful and functional Freestanding Telescope. Add the telescope to any playground to elevate imaginative play and encourage children to create their own stories and adventures. The Freestanding Telescope is constructed of heavy-duty, weather-resistant materials and is designed to be the perfect height for children ages two to five years. It weighs 28 pounds, is easy to install, and comes in vibrant primary shades. With its traditional and timeless design fit for the most sophisticated toddlers, the Freestanding Telescope is sure to result in hours of inventive play and countless tales of whimsy and fun!
