Quick! Can you name the 50 states? Alabama. Alaska. Arizona. Thanks to our educational and carefully-crafted USA map, kids will learn about state geography, planting the seeds for future travel and engagement. The USA map provides an engaging tool through which kids will begin to ask questions about their country, regional culture, and more. It's an excellent supplement for classroom learning, helping to bring USA geography to life. The Map is composed of 100% Recycled Structural Plastic and explicitly designed for children two to five years old. However, it's great for kids of all ages -- or anyone interested in learning more about US geography.
