

Compact Playhouse

MSRP \$9,299.00

SALE \$8,137.00

Highlights:

- Simplified house shape
- Creates a versatile play area
- Picketed sides allow for air flow
- Adorable green accents

Age Group: 2 to 5 years

This quaint playhouse featuring sweet details and a front gable roof is the perfect addition to your garden, playground, or schoolyard. With its fanciful white trim details, open-air layout, and teal accents, the Compact Playhouse looks fit for a fairy prince or princess. The minimalist floor plan allows teachers and caregivers to supervise comfortably, while the playhouse's old world charm elevates the structure aesthetically, meaning the space can grow with your children and double as an herb-potting structure or grotto later on. The Compact playhouse fits up to four kids and measures 17'6" x 16'6". It's ideal for children ages two to five and is durable enough to withstand heavy wear and tear and the elements.
