

Combination Equipment Cart

MSRP \$267.00

SALE \$167.00

Highlights:

- Glides freely and easily
- Sturdy frame to support whatever is placed on it
- Tips to be rolled making it simple to use
- Made from galvanized steel

Block off traffic and set up shop in a breeze with the Combination Equipment Cart. Constructed from one inch galvanized steel, the Equipment Cart sits on eight-inch diameter rubber wheels and holds a combination of cones and scooters. The Cart makes an ideal piece of equipment for schools, churches, parks, and community centers and makes event planning and parking lot safety an easy endeavor. Crafted from heavy gauge, powder-coated steel tubing, you'll be able to move up to thirty scooters, eighty of our C12 cones, or fifty of our C18 cones. The Combination Cart requires minimal assembly and measures 32" L x 16" W x 48" H.
