Use Zone: 14' L x 16' W

Two bouncing tots is always better than one with the Duo Spring Rider. Featuring a vibrant primary palette and made from our high-quality HDPE plastics, the Duo Spring Rider is the perfect addition to any playground or schoolyard, creating a delightful collaborative space for children to meet, interact, and make new friends -- all while bouncing! The Duo Spring Rider boasts a pinch-proof spring mechanism and provides more bang for your buck for smaller play spaces. A shared handle in the middle provides extra safety, while the low-to-the-ground yellow springs allow children to bounce back and forth with ease and comfort. The Duo Spring Rider is ideal for kids ages two to five.
