- Climbing, spinning, and resting are all part of playtime

Age Group: 5 to 12 years

Use Zone: 23' L x 25' W x 8' H

The Nina is a wild and wacky playset for kids who love to climb, spin, and move in every direction. The Twisted Trident and Swoop Climb resemble normal playground ladder climbers, but with twisted and curving shapes that make them unique. There is also two Single Disk Cables and a Double Disk Cable for kids who want to step up and get a better view. The Helix spinner is a truly exciting activity which allows children to spin around in place by holding onto the bars on the rotating platform. In the center of it all, there are two suspended shells, which allow kids to navigate their way to the top of the structure to get a perfect view of all the activities around them.
