Peer through the window, into a world of discovery, with the Window Sensory Box. This fabulous developmental accessory invites children to explore and create while honing their visual and tactile skills. Fill the box with new and familiar objects and ask children to guess what they're feeling. Kids can fill the box with toys, remove items, and "fish" for new gear. This is a wonderful toy for toddlers and preschoolers and makes a fabulous addition to any daycare center or school learning corner. The upper part of the box contains slotted handles that make repositioning both safe and easy. The Window Sensory Box measures 48" x 16" x 21" and can entertain up to three kids at a time.
