Young children will have a great time outdoors with the Portico playset. This brilliant structure for preschool aged children encourages them to be physically and mentally active. The DuoChute Slide, Rock Climber, and BigTube Crawl Tunnel will have kids exercising in a variety of ways as they move throughout the playground. The two Big Wheels (one with a convenient PlayPod seat) allow kids to drive imaginary cars, ships, and starcraft. And the Bubble Window panel and Play Counter with Bowl allow kids to examine the world and playground around them. The Portico is available in either wood or metal.
