The Unity playset is perfect for bringing kids together to enjoy the awesome activities that it has to offer. This includes a 54-inch Triple Slide, so that kids are able to race and ride down the slide with their friends. There is also a cargo net, which is wide and strong enough for multiple kids to climb it at once. The most exciting feature of the Unity playset is its large Playshell Traverse, which allows kids to climb all around the ring of Playshell Climbers. This awesome structure can be made using your choice of wood or metal materials.
