"The Mirror Stage" is an important part of childhood development. And our practical and versatile mirror can be installed anywhere so that kids can pull themselves up and take a good look at their faces! The mirror can be attached to a wall, fence, or the side of a storage shed or playhouse. (Check out our collection of dramatic playhouses for ideas.) The Wall Mount Mirror is perfect for kids ages 6-23 months and can fit two people. ADA accessible, the Wall Mount Mirror will add interest and developmental aids to your playset, making it the perfect accessory for outdoor or indoor space.
