Kids will sit and play to their strengths with the Baseline Round Table and Chair Set. This charming, low-to-the-ground activity center features a round tabletop and four chairs, each sporting a comfortable back and legs that double as armrests. The table and chair set is built to last through years of heavy use, with no exposed hardware and rounded edges for extra protection. Plus, skid-proof boots help prevent sliding, reduce noise, and prevent rust. The perfect model for teachers, the table and chair set is easy-to-clean and boasts laminate surfaces and waterproof edge trim. This set comes in “natural wood” with a Formica wood-like aesthetic top and attractive, brown trim. Some easy assembly is required.
