- Easy to clean vinyl-coated mesh
- Stack-able for ease of use
- Can hold up to 110 lbs.

Age Group: All Ages

The Value Line Cot is a comfortable and sanitary place for children to get their daily rest. Constructed using tough vinyl-coated mesh, this bed features a "super-grip" closure at the foot end, which allows kids to adjust tautness and customize it to fit their needs. The cots are easy to wipe clean and accommodate up to 110 pounds, making them appropriate for a wide age range. They come in both the standard and toddler sizes and are sold individually and in packs of four. No assembly is required so your students can start catching their "z's" immediately. The Value Line Cot comes in a beautiful royal blue color and guarantees customer satisfaction. These pair well with our sheet sets and will make naptime a comfortable breeze for all.
