Create a dynamic activity space out of your unused cot storage area with the Universal 4-Pack Activity Panels. Each panel adds function to your stacked cots while not in use, providing a place for educational fun. The flannel activity panel comes with 30 shapes. And the pegboard features 25 sure-grip pegs. Plus, you can write-and-wipe with 30 magnetic letters and brick-compatible 36 MEGA® Bloks. The panels fit all of our Angeles cots and will help children develop their dexterity, fine motor skills, and create a place for collaboration and social interaction. No assembly is required, so this activity center is immediately ready to use in your classroom and during rest time. Featuring a satisfaction guarantee, the four-panel activity center is the colorful and innovative play space you've been waiting for. Trays provide storage for magnets, letters, and blocks, keeping your area organized and play/nap-ready for years to come.
