

Angeles Activity Cart

MSRP \$550.00

SALE \$495.00

Highlights:

- Two convenient bins on top and bottom
- Wire mesh lets things be stored even when they are wet
- Sturdy bottom casters make it easy to move
- Hook on the side for hula-hoops

Age Group: 2 to 12 years

This Activity Cart is the perfect way to bring fun and games wherever you need them! It has four swiveling wheels on its base, which make it easy to roll in any direction. The sturdy construction of the frame enables it to hold just about anything you could need or think of. The high walls of the bottom shelf are great for holding larger items like basketballs or soccer balls, while the upper shelf is great for keeping smaller objects close at hand. Rather than solid metal, the cart is made from thin but sturdy wires which make it lightweight and easy to roll around. It even has small, safe hooks on the side, which can be used to hang up hula hoops, tug of war ropes, or other similar playground equipment. The blue powder coat paint finish looks great and is water resistant, but for additional protection we also offer separate covers.
