- Features casters with locking mechanisms
- Easels on either side to help make the most out of space in a classroom

Age Group: Adult

Assembled Dimensions: 40" x 20" x 44"

With this Mobile Drying Rack, you can take your art to wherever inspiration strikes. Fresh paintings need time to dry, but of course can not be stacked on top of each other, or the paint would smear. They can be laid flat across table tops, but this takes up a tremendous amount of classroom space. This station not only contains 14 large shelves where paintings can be laid to dry, it also has an easel on each side where new paintings can be created. The easels even have trays for holding paints, brushes, and any other art supplies. The rack can sit in the middle of the room while children paint, and then easily rolled out of the way thanks to its four wheels. It even has larger shelves on the top and bottom for storing supplies. For an organized art room, this Mobile Drying Rack is a must!
