Unit Size: Standard: 19" x 15" x 36"

This sweet and lifelike refrigerator features recognizable graphics and smart details to take imaginative play to the next level. Featuring a counter height of 24", the lovely fridge is constructed with rounded corners and boasts continuous, full-length hinges that prevent kids' fingers from getting pinched or caught. This play fridge is built using durable 5/8" thick 11-ply birch that is made using nontoxic, natural UV finish. Non-warping 1/4" thick woodgrain adds style and stability. The ideal classroom furnishing, its ideal for promoting dramatic play. And this play kitchen feature will make the perfect accessory to engage children in social collaboration and creative storytelling. Cherry red accents add interest and pops of color, and the fridge guarantees satisfaction. It requires no assembly so that kids can whip up imaginary pies immediately!
