Unit Size: 36" x 15" x 39"

This 4-in-1 Kitchen Center is the perfect kitchen play set where children can cook up any incredible imaginary meals that they can think of. This set contains every kitchen amenity they could need, with a stove, sink, hutch, and microwave. The hutch offers convenient storage space above the sink for condiments and ingredients, while the cupboard below the sink offers even more storage space for whatever they might need. The oven also has a small door in the front, where the young chefs can place their culinary creations to cook. For quicker meals, the microwave above the stove does the job with a full set of wooden buttons and a timer display. The movable faucet handles are colored red and blue, so kids can learn about temperatures. The knobs on the oven and stove top are also adjustable, giving children full control over their meal preparation.
