Age Group: 2 to 12 years

Unit Size: 36" x 15" x 37"

Kids will love bopping to fun tunes anywhere in the classroom with this innovative listening center! This portable audio unit rolls into any corner for easy-access audio storage. Locking casters keep the storage unit in place, while a spacious top counter provides ample room for your player, jukebox, and speakers. And a heavy-duty dowel keeps headphones in easy reach. Three pull-out blue storage tubs provide plenty of room for organizing books, albums, and other dance-party supplies. And shelves have been glued and doweled for extra strength! Rounded corners provide added safety, and surfaces are easy to clean and scratch resistant. So, the only thing your tiny DJs will be scratching is albums as they create their own beats! The unit features 5/8" thick, 11-ply birch veneer panels and requires no assembly, so you can begin boogying immediately!
