Unit Size: 29" x 29" x 29"

Add some dimension to your play with the delightful and space-saving Play Cube. This charming accessory is six-sided and provides a cozy space for kids to imagine. It's large enough to fit a preschooler or two, yet compact enough for your classroom corner! A safe shelf has been added with a 3/4" well on top of play cube to provide extra stability. And three 25" diameter crawl-through windows allow parents and caregivers to peek inside and check up on children as they read and play. Add a one-inch cushioned matt for extra cubby coziness. Some light assembly is required, and this product guarantees satisfaction. Stack books, stuffed animals, and other objects on top for even greater space optimization.
