Brighten your green space with a trio of jubilant drums. The Conga drum is a tall, narrow, single-headed African drum that delivers soothing, deep sounds that will stimulate the senses, encourage people to dance and elevate your outdoor area. With our six vibrantly colored and sounding drums, you can infuse your space with African vibes and rhythms while bringing the community together. Opt for either in-ground installation or surface mounts depending on your needs. The Conga drums are a set of six single-headed drums mounted onto a stainless steel post, featuring weather-resistant ABS caps. Choose between a variety of bright color combinations to customize their look. They are suitable for children and adults of all ages and ADA accessible, meaning that patrons of all ability levels can try their hand at Conga drumming.
