Harmony. Clarity. Community. With a design borrowed from traditional Vietnamese folk instruments, historically constructed from Bamboo, this stunning musical instrument will imbue your inclusive playground, garden, or care facility with deeply resonant and therapeutic tones that heal, as well as encourage reflection. Its calming, pentatonic scale offers “no wrong notes.” Novice musicians and seasoned professionals will channel their creativity, composing with confidence. Eleven thick, anodized aluminum tubes are situated horizontally and supported by heavy-duty nylon-coated galvanized steel cables that provide flexibility and strength. While a C-Major Pentatonic scale, with the notes ascending from Middle C, offers a sensory-rich experience.
