### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Come on over for some safe and engaging fun at Esther's Place. This play space combines imaginative potential, physical activity and traditional playground recreation. Children can take the stairs to the Transfer Station, or go the wild route by overcoming the Jungle Climber. They can then enjoy a quiet game at the Tic-Tac-Toe Panel or ride the waves down the Wave Slide. For those not eager or able to climb, the Ship's Wheel can provide ADA compliant access to the fun. Esther's Place Play System allows several play options into a relatively small use zone, allowing you to maximize play opportunities for all preschool and school-aged children no matter your space restraints. The durable materials also make Esther's Place sturdy and long lasting throughout the years. It is available for quick ship in primary and neutral color palettes, or you can choose from a wide range of custom colors with a modest time extension.
