ASTM F1487-17

CPSC PUB #325

The 5-Foot Triple Sectional Split Slide makes choosing fun. Children of varying sizes and ages will not be able to resist the appeal of this charming structure. This unit provides the excitement of an entire play system while keeping things simple. The three different slide attachments vary the experience which creates a hunger for more; keeping kids entertained for long bouts of time. Durability is one of the key points to this slide's design. The galvanized steel posts, stairs and decks keep the whole unit reliably sturdy, even as waves upon waves of children descend upon it. The rotationally molded plastic slides are sure to keep kids moving with minimal sticking on the slip resistance surface as it weathers through hours of playtime. The 5-Foot Triple Sectional Split Slide is ideal for keeping kids socially adept by allowing up to three to slide at one time; having fun is always better with a friend or two!
