COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The 6-Foot Triple Section Split Slide is a crowded playground's dream. Adding it to your layout will add a fluidity to your overall design especially when introduced to busy playgrounds. Simultaneous use keeps the lines short while maximizing fun. Children will create friendships as they socialize, pretend to be racers and glide to the bottom. Its durable design will stand up to daily use and even inclement weather; making this slide a stable focal point for any playground. The rotationally molded plastic that the 6-Foot Triple Section Split Slide is comprised of, reduces friction which allows for a fast and safe ride to the ground. The galvanized steel handrails keep kids steady as they climb to the top on the slip resistant stairs. Children of many different ages and sizes will be able to take advantage of the fun this slide provides.
