CPSC PUB #325

You can expect the line for this slide to be as long the structure itself. This 8-foot Straight Tube Free Standing Slide by Playground Equipment Dot-com is sure to be a playground favorite as its tall height means a more exciting drop down. It's fun, it's fast and most importantly: it's safe. The shape of this slide surrounds children as they slide down, preventing them from slipping from the slide. In addition to its shape, the slide is coated in a slip-resistant coating that will prevent children from flying down the structure in high speeds. This structure is supported by its multiple posts that go down the length of the structure. These poles are in-ground mounted which makes this 8-foot Straight Tube Free Standing Slide safe and secure. Complete your purchase of this structure by customizing it in any of the available powder coat paint colors.
