COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The 5-Foot Wavy Super Slide quenches boredom like none before it. Its simplicity is its greatest strength by not muddying its intent. It is a single slide that is designed to provide thrills from the first use to the fortieth use. The wavy layout of the rotationally molded plastic slide adds a little bounce to the already joyous experience; making playtime that much better. The powder-coat painted steel posts and handrails add a necessary sturdiness to this unit allowing it to resist continual play and harsh climates. It also comes in customizable color variations if you want to represent a sports team or school's colors. The 5-Foot Wavy Super Slide can be enjoyed in a multitude of ways; kids can use it for make-believe play or even trying to get up and down the quickest. Sometimes being simple isn't a bad thing.
