Wave hello to the 6-Foot Wavy Super Slide. Its distinct design makes it different from a traditional straight slide. The ride to the bottom is more than just a quick drop with its wavy surface that sends kids bouncing along. Kids won't be able to get enough of this slide. With so much use, you might be worried about how it will fare over time. Don't worry, the rotationally molded plastic is designed to take the hard use that children are known to dish out. It also keeps kids from getting stuck in the middle of the slide by having a friction reducing design that . Nothing should get in the way of fun. Children with active imaginations will be right at home with the 6-Foot Wavy Super Slide; turning it into a pretend rafting adventure, riding down an icy hill or anything else they can think up. Kids climbing the steel stairs will also get a great leg workout while continuing the fun. This simple slide can make all the difference to children ready for some excitement.
