Grab a buddy and go on the 3-foot Double Straight Hillside Slide. Built right into an embankment, this slide is a unique fixture that is sure to add a spark to any yard or playground; pair it with the right poured in place surfacing and you can create a landing pad to anywhere that they can imagine. Parents will be thrilled with the junction of fun and safety molded into this slide. The entire length of the slide hugs the hill it is built into preventing falls from an elevated height. But far and away, the 3-foot Double Straight Hillside Slide's best feature is being able to slide with a friend. This opens up many pretend scenarios like both kids canoeing down a raging river, riding a motorcycle and sidecar or even two race cars battling for the gold trophy. Pretend is better with a buddy. This fantastic slide comes in various custom colors to blend seamlessly into just about any playground theme that a kid could dream of.
