**Fall Height:** 48"

**Use Zone:** 24' 5" x 24' 5"

### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Archie's Bunker is a compact but engaging children's play structure bursting with activities and play events that focus on growing gross motor skills and fostering imagination. Start the fun on the Single Drum by creating a rhythmic beat to dance to. Relax to the sound of rain or journey the high seas by turning the Rain Wheel. Travel up the structure by using the two climbing activities. Scurry up The Figure Climber emblazoned with numbers and letters to sneak a little learning in. Ascend from any side of The Pod Climber, which features circular steps designed to help develop gross motor skills. Wiggle through the Tube Bridge before zipping down the adjacent Right Turn Slide. Or, race each other in a climbing competition on the way back to the top. Archie's Bunker comes in a primary and neutral color scheme. The system also comes in custom colors.
