Use Zone: 27' 1" x 33' 4"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Experience the mystery of the forest with the Buck Gully play system. Ascend up the alternating metal bars of the Snake Climber or perhaps scramble up the angular number shaped grips on The Figure Climber. The Figure Climber has strategically designed hand grips with numbers on them so children play games with friends while testing their strength, balance, and math skills at the same time. Once up the structure and shaded by the decorative Leaf Roofs, children can work on their coordination and agility crossing The Bones Bridge on their way to the Left Turn Slide. Zoom to the bottom to start again. Too tired from climbing? Gaze at the mechanics of the Gear Panel or take a rest inside the Tube Bridge on your way to the other Left Turn Slide. The Buck Gully system is ADA-compliant and features a Transfer Station to go up the structure, a Store Panel, and Bongos on the ground level.
