- Great for almost any ball field

---

SportsPlay's prefabricated baseball backstops are commercial grade equipment for any park, neighborhood, church or area serving baseball, softball, kickball, or other field sport. Pictured is model 551-411, 10' W x 10' H, with a 5' hood, and two 10' wings. All backstops feature heavy duty 11 gauge wire bolted to 2-3/8 inch OD pipe frame. One exception is model number 551-522, which features extra heavy duty 9 gauge wire on the center panel, with 11 gauge wire on wings and hood. Optional equipment includes a 5 foot hood and 45 degree wings.
