COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Fun is at every turn in the More the Merrier Outdoor Play Structure, packed with amusing challenges and activities. The Inverted Arch Climber leads up to the second level of the structure. Continuing forward the Bones Bridge leads children across the structure under the Hex Roof. In this area, they can turn the gears on the Gear Panel before they choose to slide down either of the Straight Slides. They can continue to exercise their climbing skills as they ascend the Disc Climber whose strategically placed steps lead back up or down the structure. On the bottom of the structure is the Bench Panel which children can sit and socialize with their friends. On either side of the Bench Panel is a Rain Wheel, which children can turn to hear rain sounds, and a Ship's Wheel, which children can turn as they pretend that they are navigating on the sea. The More the Merrier Outdoor Play Structure is a vibrant and exciting structure that aims to provide the most amount of fun to attending children.
