Age Group: 2 to 12 years

Unit Size: 9' 3" x 4'

Take an imaginary trip to the wilderness with the Cozy Camper Dramatic Play Vehicle, which imitates a small R.V. (recreational vehicle). Camping is a fun activity that can teach children survival skills and how to act with the wilderness, this camper play structure gives them an introduction to the world of camping during play time, making the concept more familiar or giving them a chance to practice what they've learned on real-life camping trips. The Cozy Camper Dramatic Play Vehicle is shaped like a traditional camper with two windows and a door that children can open to get to the other side of the structure. On the other side they will find fun activities such as a slide and a mushroom stepper that will have children lining up for a chance to play on either one of these. On the inside of the structure is also a full kitchen set that features a sink and a table. This structure is also ADA compliant as it is level to the ground, allowing children with wheelchairs or walking aids to easily play on the inside of the camper.
