

Uptown - Zion Bench without Back with Side Armrests

MSRP \$1,998.00

SALE \$1,699.00

Highlights:

- Powder coat colors are customizable
- Comfortable armrests on both ends
- Strong components that will hold up for years
- Portable/Surface mount combination creates a versatile bench

The Zion Bench without Back with Side Armrests provides a nice place for patrons to sit and enjoy the scenery. It is efficiently compact to maximize placement possibilities. It is also portable so you can move it wherever you would like. The foundation can also be used as a surface mount so you can firmly position it in place and prevent people from moving or stealing it. The smartly arranged horizontal slats of the seat facilitate airflow through the framework that helps the bench dry faster after a stretch of rain. The bench can be purchased with the color shown or you can have it customized to fit your site's unique needs, whether to better complement your business' corporate logo or to synchronize with your school's uniforms. The 6-foot length of the bench lets several individuals sit down simultaneously while two armrests enhance their ability to relax.
