

## Uptown - Zion Trash Receptacle with Liner and Flat Top Lid

**MSRP \$1,334.00**

**SALE \$1,134.00**

### Highlights:

- Lid and liner are included
- Sleek design suitable for urban spaces
- Rugged build that withstands the elements
- Colors can be changed to match your needs

**Capacity:** 36 gallon

The Zion Trash Receptacle with Liner and Flat Top Lid is a 36-gallon refuse container with a modern design of stylish vertical slats that makes it an ideal fit for city centers, zoos, shopping malls, and urban parks. The container is finished with a powder-coated application of paint that is capable of staying lustrous even after years of exposure to the sun and wind. The unit is purchasable in the color depicted or it can be customized to one of a range of alternate powder-coat tones. This waste bin comes with a removable liner that can rest in its interior and a detachable flat top lid to ease cleaning and trash removal. The main body of the Zion Trash Receptacle with Liner and Flat Top Lid is built of flat strips of steel which adds to its attractive appearance while also making the garbage container extremely resistant to any physical damage would-be vandals might attempt.
