

## Uptown - Acadia Portable Table with Solid Top

**MSRP \$2,120.00**

**SALE \$1,802.00**

### Highlights:

- Tabletop is 36-inches with an umbrella hole for optional shade
- Sleek design suitable for modern settings
- Portability helps with unit relocating
- Framework, seats, and table surface are powder coated

Webcoat's Acadia Portable Table with Solid Top is a contemporary twist on a classic picnic table featuring a sleek design and clean lines. Built of rugged steel and finished with a layer of powder-coated paint, this table can be lifted and moved as necessary for new site layouts. The 36-inch tabletop has rounded edges which enhances the visual appeal while also helping prevent injury from accidental bumps. The center of the table surface features a standard size umbrella hole, should you later want to add some shade to your unit. The wide curving slats of the table's seats have judicious spacing that enables airflow to help those furniture areas dry faster after rain. The Acadia Portable Table with Solid Top can be purchased in the color shown here or you can have the tones changed to one of several other alternate options. Contact a AAA State of Player salesperson for more information.
