- Resilient steel framework for stability

If you are a space designer looking for a seating solution, your search is over. Webcoat's Bryce Steel Slatted Bench with Back can provide welcome relief to a tired walker needing a spot to rest or an office employee desperate for an area to temporarily set up their laptop and send that crucial email. The attractive modern lines of the unit make it a great bench to install in zoo grounds, corporate lobbies, pocket parks, or along urban streetscapes in retail districts. Two comfortable armrests cap either end of the stylish shaped bench and its tough steel frame ensures it will stay strong and usable even after years of occupation by people of all shapes and sizes. This bench has 4, 6, and 8-foot long versions to accommodate your patrons and features a combined portable/surface mount so you can keep it mobile or bolt it down in place. The long-lasting powder coat paint finish will keep the bench looking dazzling and bright. The Bryce Steel Slatted Bench with Back is purchasable in the hue shown or you can have the colors customized to another shade if desired. Please contact a AAA State of Play sales representative to learn more about currently available colors and possible lead times.
