Including Webcoat's 6 foot long Standard Buddy Bench with Perforated Steel with Back as part of your site plans is a great way to instill good values into the hearts and minds of the youngsters you anticipate wandering the grounds. Whether you are the owner and operator of a preschool or daycare facility, this bench's friendship encouraging design etching will help build a spirit of cooperation and community. Kids will want to sit and engage each other in conversation as a result of the perforated metal of the bench which allows for comforting airflow to occur. The tough steel of the bench can withstand regular usage by occupants of all shapes and sizes. The textured polyethylene of the seat can be similar to the powder coating of the frame or be two different shades that complement each other. The Buddy Bench's color scheme can be kept as it is presented here or you can have it recolored to match your school or organization's colors. The 6 foot long Standard Buddy Bench with Perforated Steel with Back is available as a portable seat or with surface or in-ground mounting hardware to secure it in place. Please reach out to a salesperson to learn more.
