Webcoat's 6 foot long Buddy Bloom Buddy Bench with Classic Wingline Style with Back is a great fit for preschools, kindergartens, daycare centers, or churches. The kind messaging encourages youngsters to consider how "Friendships Bloom" when you take some time out of your busy day to sit down together and have a simple chat. Future pals will want to spend as much time as possible getting to know each other thanks to the cooling effects of the carefully placed gaps between the bench's metal slats. This airflow will maximize comfort for kiddos as they excitedly connect with others. The slats' design also helps accelerate drying after a rainfall, because nobody likes to experience a wet bottom from an unexpectedly soggy bench! The 6 foot long Buddy Bloom Buddy Bench with Classic Wingline Style with Back is available as a portable unit or with surface or in-ground mounting hardware. Its colors are customizable. Please reach out to a AAA State of Play salesperson to learn about currently available alternate shades and to determine scheduling opportunities.
