

## Essentials - Classic Casino Horizontal Strap Style Bench with Back

**MSRP \$1,855.00**

**SALE \$1,577.00**

### Highlights:

- 6-foot long bench allows multiple people to sit at once
- Two armrests on either end add comfort
- Portable/surface mount combo allows you to keep it mobile or secure it in place
- Diverse mix of color options available to customize the unit

Webcoat's Classic Casino Horizontal Strap Style Bench with Back is a superb solution for site builders looking to add more seating options to their locations. The clean, modern lines of the frame make it ideal for contemporary spots like bank entrances, hotel promenades, retail centers, or town squares. The sideways slanting of the gaps on the back and seat enable airflow to help dry the unit quicker after a rainy day. The heavy-duty framework can withstand the test of time from both the daily visits by pedestrians as well as the weather above. Powder coat paint on the frame and textured polyethylene on the bench surfacing further protect your investment by ensuring that the colors of the seat stay attractively gleaming for years. And if you do not like the color shown here, just speak to AAA State of Play salesperson to see what other hues are available. The Classic Casino Horizontal Strap Style Bench with Back features a versatile, 2-for-1 portable/surface mounting base to keep it mobile while giving you the option to bolt it down in place.
