

Dog Park Paws Design 6-foot Classic Style Bench with Back

MSRP \$2,069.00

SALE \$1,759.00

Highlights:

- 6-foot long seat and back offer plenty of room to relax
- Portable and surface mount base combination increases versatility
- Steel construction for longevity and strength
- Curved armrests for comfortability

Webcoat's Dog Park Paws Design 6-foot Classic Style Bench with Back takes the inherent appeal of finding a place to sit in a busy outdoor space and amplifies it through charming decorations and strong lines. This comfortable commercial-grade outdoor seat displays a duo of cut-out paw prints across its front. The quirky set of animal feet should appeal to animal lovers and help the furniture unit blend in perfectly with nature preserves, zoo entrances, museum cafes, and dog parks. The rugged steel framework can handle habitual daily use. The powder coat finish on the frame and the textured polyethylene on the seat are each capable of keeping the bench's colors eye-catching and vivid, no matter what the weather exposure. Both finishes can be adjusted to best fit the color scheme you have in mind for your site. All you have to do is contact a AAA State of Play sales representative to learn more. The Dog Park Paws Design 6-foot Classic Style Bench with Back comes as a portable unit with pre-drilled holes at the base that allow for surface mounting.
