

White 16-inch Diameter Umbrella Stand Filled with Concrete

MSRP \$175.00

SALE \$149.00

Highlights:

- Filled with concrete for weight and stability
- Can fit umbrellas of various sizes
- Ideal for beaches and water parks
- Keeps your umbrella or shade in place

Create a strong and sturdy base with the White 16-inch Diameter Umbrella Stand Filled with Concrete. The unit comes packed with concrete to provide an unwavering foundation. This makes it especially pertinent for outdoor use and can withstand heavy winds and rainfall. Combine this with your Market Umbrella to keep yourself shaded from the sun and harmful UV rays without having to worry about your umbrella flying away. This makes it ideal for sunny and windy spots, keeping you protected and cool during hot and humid summer days. A handle and screw pin makes this item very versatile. The screw pin can be adjusted to fit a wide selection of umbrellas. A handle on the side is there so you can move the base anywhere you need shade or to simply store it away. This easy process helps you install these on your premises quickly and efficiently to help you stay prepared at all times.
