

Regal Rectangular Pedestal Frame Picnic Table with Detached Seating

MSRP \$1,567.00

SALE \$1,332.00

Highlights:

- Minimalistic, modern design that permits airflow
- Strong and durable construction
- 6, 8, and 10 foot size options
- Textured polyethylene seat and table and powder coated frame

The Regal Rectangular Pedestal Frame Picnic Table with Detached Seating is the perfect place to host a picnic and have some family fun. Separated seats create a sleek, modern design that allow people to move about freely. Minimal framework tubing prevents tripping as people traverse around the table. A textured polyethylene coat covers the tabletop and seats to produce a tough, scratch-resistant surface. It is also UV stabilized to resist color fading, making it perfect for any outdoor area. The 4-inch metal tubing provides a thick and stout base. Coming in 6, 8, and 10-foot versions, this table can fit a variety of needs. Families and friends can eat, play games, or simply talk with each other with plenty of room to spare. In-ground and surface mounting options are available to affix the table to your selected area. The furniture's colors are customizable. Just call or email to speak with a sales representative for more information on current options and scheduling.
