

Rolled Rectangular Pedestal Frame Picnic Table with Detached Seating

MSRP \$2,026.00

SALE \$1,723.00

Highlights:

- Detached seating allows easy entry and exit
- Refreshing winds will breeze through the perforations
- Comfortable seating option due to rounded edges
- Colors can be customized to match your venue

A light breeze and delicious food is the only thing needed to complete the Rolled Rectangular Pedestal Frame Picnic Table with Detached Seating. A nice family outing is welcomed as it provides ample seating for those wishing to grab a bite with their loved ones. In addition to ample seating, the tabletop provides enough space to place many things including food, arts and crafts, board games, or whatever else people decide to occupy the table with. Additionally, the curved shape on the edges allows for more comfortable seating. The parted seating also makes it easier to hold multiple people as they can easily slide in without having to step over metal bars. This tabletop and seats feature diamond-shaped expanded metal that is coated in a textured polyethylene for a long-lasting color look. The framework of this Rolled Rectangular Pedestal Frame Picnic Table with Detached Seating is covered in a powder coating that ensures its color will withstand outside weather conditions. Both finishes can be customized to match your school or organization's color scheme.
