

Essentials - Perforated Rectangular Single Pedestal Frame Picnic Table with Attached Seating

MSRP \$1,990.00

SALE \$1,692.00

Highlights:

- Surface and in-ground mounts allow it to be placed in a variety of locations
- Durable paint keeps it looking new even after repeated use
- Rounded edges create comfortable seating

When it comes to commercial outdoor table seating, parks, public spaces, and outdoor recreation areas should be looking for the most durable, comfortable seating for their patrons. They will find this in the Perforated Rectangular Single Pedestal Frame Picnic Table with Attached Seating, which will deliver a resilient, long-lasting experience for those who use it. The heavy-duty 4-inch frame is made of a sturdy galvanized metal that will resist bending and sagging over time. The frame is covered with a strong powder coating that will prevent the color from fading over time. Textured polyethylene coats the tabletop and seats. Both coats come in a variety of color options, allowing for fun color customization. Families who are enjoying a nice picnic while hiking or visiting their local park will have a nice place to rest and enjoy their food as they feel the breeze flowing through the perforations. They will not have to worry about sore legs from sharp angles with the picnic table's rounded edges that will be more comfortable on their legs.
