

Essentials - Regal Rectangular Double Pedestal Frame Picnic Table with Attached Seating

MSRP \$2,007.00

SALE \$1,706.00

Highlights:

- Heavy duty 4-inch frame creates a robust foundation
- Powder and textured polyethylene coats create a durable finish
- Comes with surface or in-ground mount options to fit your needs
- Attached seats for an all-in-one seating arrangement

Grant your patrons a comfortable seating option with the Regal Rectangular Double Pedestal Frame Picnic Table with Attached Seating. The seats and tabletop are coated in a textured polyethylene paint to create a rugged, scratch-resistant table to keep it looking brand new even after years of use. The frame is powder-coated for an extra durable finish. This makes it perfect for outdoor areas such as parks, city sidewalks, or restaurants that offer outdoor seating. The rectangular seats offer patrons a relaxing place to sit. People can sit facing the table, away from it, or they can straddle the seat and look toward the sides. Attached to the frame, the seats will easily hold several people at once and will not bend or sag even after years of use. The frame of the table is made with 4-inch wide metal to create a thick and robust foundation. Choose between an in-ground or surface mount to attach the unit to your area. Consult a sales representative for more details.
